REOPENED.—All the Public Schools
and Lindsley Institute will resume op-
erations this morning at the usual hour.

MATRIMONIAL.—Six marriage licenses
were issued from the Recorder's office
during the week ending Friday even-
ing, January 1st.

Y. M. C. A.—The regular meeting of
the Young Men's Christian Association
will be held this evening. The deliv-
ery of the dialogue, spoken of a few days
ago, has been postponed.

LOST.—Not on account of any effect
it will have in the commercial
world, we mention the fact that the ice
ran out of the creek on Thursday night
last, to the sorrow of hundreds of skat-
ers in this community.

THE WEEK OF PRAYER.—This week,
being the first week in January, will be
generally observed by
Christians as a season of prayer for the
conversion of the world. Appropriate
services will be held in the Churches
every evening.

FIGHT.—On New Year's day, South
Wheeling was the scene of a pretty
little fight, which created but little stir
and resulted in one man having his
eyes laming in mourning. We could not
learn the names of the pugilists, nor
whether any steps were taken to punish
them for violating the ordinance
against assault and battery.

TEMPERANCE SERMON.—Rev. Mr.
Morton, of Martinsville, preached a ser-
mon on Temperance, yesterday after-
noon, in Good Templars' Hall, Main
street. The hall was packed, and we
saw numbers coming away unable to
gain admittance. These sermons or
lectures are attracting much attention,
and should the interest increase, more
ample quarters will have to be pro-
vided to accommodate all who want to
hear them.

DEVOTIONS.—The members of the Rev.
Mr. Cross' congregation (Third Presby-
terian Church) and friends, in South
Wheeling, made that gentleman a visit
on New Year's eve, and after an hour
or more spent in a social way, took their
departure, leaving behind them sub-
stantial tokens of their regard for the
team. Mr. Cross has a flourishing
Church, and his people are strongly at-
tached to him.

DROWNED.—On Thursday evening
last as the steamer Storm No. 2 was
towing the hull of the Minneapolis to
Pittsburgh, the Clerk of the former,
Mr. W. L. Hanson, was drowned. The
Storm and her tow reached the wreck
of the Ingomar near "The Sisters" near
5 o'clock in the evening, when Ham-
ilton was observed to go down on deck,
and that was the last seen of him. The
unfortunate man was about 6 feet high,
bushy hair, and had on dark clothes.
Any information of him communicated
to Messrs. Booth, Battelle & Co., of this
city, Mr. James Gordon, Rochester, Pa.,
or Captain H. H. Sholes, of the Steamer
Venture, will be liberally paid for.

NEW YEAR'S EVENING AT BRIDGEPORT.—The amateur entertainment
given by our friends over in Bridgeport,
New Year's evening, was a splendid
success. The large hall in the new
school building was crowded to its
most capacity. Quite a number of
ladies and gentlemen from this city and
Martinsville were present. Of the per-
formances, the Chimney Corner and Royal
Pat were very well rendered and gave
perfect satisfaction to all present. In a
financial point of view, it far exceeded
the hopes of the School Board, by whom
it was gotten up.

THE YOUNG AMERICA BAND. of Mar-
tinsville, was on hand and added
much toward making it the success it
proved to be.

PERSONAL.—We regret to hear that
our genial friend, Capt. McCoy, has
closed his connection with the Hem-
pfield Railroad. For several years he
has served the company in the capacity
of conductor, and by his close attention
to business, his polite and gentlemanly
demeanor, he has won for himself hosts
of friends, both in this city and all
along the road to Washington. We do
not believe any railroad company ever
had a more faithful and trust-worthy
employee than the Hempfield in the
person of Capt. McCoy. His place will
be hard to fill. We know not the rea-
son of his leaving the road, but we feel
confident that he bears with him the
good wishes of all who have ever trav-
eled over that route in his charge.

NEW FIRE COMPANY.—The Rough
and Ready Fire Company held a meet-
ing in their hall on Saturday evening,
and among other things resolved to dis-
band as an organization. In view of
the fact that one of the new steam fire
engines is to be purchased for the pur-
pose, it was determined to reorganize
under the name of "Atlantic Steam
Fire Company No. 2." This was done
and the following persons elected offi-
cers for the present year: James A.
Henry, President; James McCully,
Vice President; Henry Lamp, Treasur-
er; Charles P. Hamilton, Secretary;
William Ramp, Librarian; Hugh Wil-
son, Captain; George Roberts, First
Lieutenant; Joseph Whitmarsh, Second
Lieutenant; John do, John W. Wil-
son, 2d do, John Crumbacker, 3d do,
William McLaughlin, 4th do.

BOARD OF OVERSEERS.—The Board of
Overseers of the Poor for Ohio county,
met on Thursday morning, 31st ult., at
10 o'clock. The President, Mr. Murry,
took the chair, and the Clerk called the
roll. The following members answered:
Messrs. Bruner, Ellifritz, Gearing,
Hall, Long, Maxwell and Salada.

The monthly reports of the several
members of the board present (except
Mr. Murry) were read, approved and
ordered to be filed.

The bill of Mr. Maxwell, for meat
furnished the Bowman family, amount-
ing to \$3.68, was presented and ordered
to be paid out of the contingent fund.

Mr. Hall made a statement that
Mayor Brady had paid \$12 for sending
a poor family to Columbus, Ohio. On
motion, the payment of said sum was
deferred until a bill for the same was
presented.

On motion of Mr. Hall, ordered that
the President of this Board consult the
Prosecuting Attorney of this county as
to the best means of sending a lunatic
now confined in jail, to Maryland,
where he belongs.

On motion of Mr. Long, ordered that
a vote of thanks be tendered to Mr.
Daniel Murry, President of the Board,
for the efficient manner in which he has
discharged the duties of his office dur-
ing the past eighteen months.

On motion, the Board adjourned to
meet on Wednesday next, at 10 o'clock
A. M.

BOARD OF SUPERVISORS.—The Board
of Supervisors of Ohio county met on
New Year's morning at 10 o'clock, in
their chamber in the Court House. The
chair was occupied by Mr. Miller,
President, who directed the Clerk to
call the roll. The following members
answered to their names: Messrs.
Howell, Holliday, Jacob, A. M. Mc-
Donald, Robinson and Salisbury.

The minutes of the last meeting were
read, approved and signed.

Ordered that the usual allowance be
paid the Clerk of the Board.

The Report of the Committee on Court
House and Jail was read, and the as-
sessment was recommended.

The bill of D. W. Brodie, for repairs
on jail amounting to \$199.49, was or-
dered to be paid.

The bond of George Hook, Clerk of
Madison township, was approved.

The petition of W. S. Breckman, for
reduction of assessment, was presented,
and laid on the table for the present.

The bill of Recorder Woods, for
making indices, amounting to \$30, was
ordered to be paid.

The petition of Sweeney & Giffen, for
reduction of assessment, was presented,
and laid on the table for the present.

On motion, the Board adjourned until
Tuesday morning next at 10 o'clock.

INCORPORATED.—A certificate of in-
corporation was issued by the Secretary
of State on Saturday, to Messrs. John
H. Hoffman, W. Wagner, Samuel
Howell, M. Hayes, J. P. Shaffer,
W. T. Willey, W. P. Willey, J. M.
Hagans, J. K. Durr, J. C. Wallace,
L. S. Layton, A. L. Wade, J. H.
Hoffman & Co., E. C. Lazier and
W. A. Hanaway, under the style of
the "Monongahela Valley Agricultural
and Mechanical Society at Morgantown,
Pa." The application sets forth that
the objects of the association are, "to
promote Agricultural and Mechanical
interests in Monongahela and adjoining
counties; to encourage the growth and
improvement of stock, and to acquire
real estate for Fair grounds, buildings,
&c." The principal office is to be kept
in Morgantown, and the charter is to
expire on January 1st, 1889. Eighteen
hundred dollars have been subscribed,
on which ten per cent has been paid.
The stock is given to increase the
stock to ten thousand dollars, divided
into shares of twenty-five dollars each.
We are pleased to note the formation of
these Agricultural and Mechanical
Societies in our State. If every county
had a live Agricultural Society in it,
our horses, cattle, fruits and everything
pertaining to the cultivation of the soil
and domestic manufactures, would
soon exhibit a marked improvement.

**NEWS FROM COL. HORNBOOK'S PAR-
TY.**—Many of our readers will be pain-
ted to learn that a dispatch from Col.
Jacob Hornbrook, dated New Orleans,
was received by Gov. Boreman, Satur-
day, stating that Gen. Frank Perpoint
was lying at that point in a very criti-
cal condition. A letter from Col. Horn-
brook, dated at New Orleans, dated
Jan. 1st, and all were invited to par-
take, no petty sectarianism was there,
but enjoyment reigned. Sabbath school
class number seven, took advantage of
the occasion, and presented their teacher
Mr. O. E. Rice, a very valuable book.
Rev. Mr. Chaffant, made the pre-
sentation in behalf of the class. Mr.
Rice returned his thanks for the beau-
tiful and valuable gift.

DONATION.—Rev. Mr. Moffat, of the
Second Presbyterian church in this
city, was visited by a donation party
on New Year's day. A large num-
ber of his membership and friends as-
sembled at his residence on the day
mentioned, and presented him with
money and articles of intrinsic value to
the amount of six hundred dollars. Mr.
M. deservedly ranks among the first of
his profession in this city, and he has
secured a firm hold on the affections of
not only his own congregation, but of
all who have formed his acquaintance.
Under his ministrations the mem-
bership of the Second Presbyterian church
has been largely increased, and the
most pleasant relations exist between
pastor and people.

ATTEMPTED ROBBERY.—On New
Year's night the dry goods store of
David Levi, corner of Main and Wel-
ter streets, Centre Wheeling, was broken
open, but the timely discovery of
the robbers prevented their carrying off
any booty. An entrance was effected by
boring out a panel of a door in the rear.
The noise made in the operation at-
tracted the attention of some one in an
adjoining residence. The alarm was
immediately given, but before any one
arrived, the robbers had got inside and
scattered the goods about on the floor.
The robbers were preparing to make a large
haul, but they were disturbed at an
inopportune moment for them. No
clue has been discovered to the parties.

PROTECTION WANTED.—Our para-
graph under this head in Friday morn-
ing's paper excited the wrath of one of
our policemen, at least, and at a pretty
early hour after its appearance he
sought an interview. We were not
frightened a bit, (we don't scare
well) for we felt conscious we had
right on our side. We must say in ex-
tenuation of the officer who is at present
assigned to that ward, that he has
charge of a beat on this side of the river,
and that he cannot reasonably be
expected to be present in both places at
the same time. We make this state-
ment on information given us by the
officer himself, and we believe it is cor-
rect. He has the reputation of being a
faithful official and one that has been
very successful in bringing offenders to
justice.

STEINWAY PIANOS.—New Stock re-
ceived and offering at very low prices,
for cash, at Sheib's Music Store.

STEAMBOAT SUNK.—The Steamboat
New State, sunk a few hours after the
Ingomar went down on Thursday.
She had on board a good trip
of both passengers and freight and
was on her way to Pittsburgh. She had
proceeded as far as Wellsburg, and
while at that point, she was struck by
a heavy sheet of ice, making her trem-
ble in every timber. The Captain, fear-
ing some damage had been done to the
hull, sent the watchman below who on
his return reported everything all right.
After remaining at Wellsburg a few
minutes longer, she rounded out
and started once more on her way to
Pittsburgh. When about one mile
above the first mentioned place, it was
discovered that the crew were in great
consideration, and the Captain suspect-
ing the cause, went down in the hold
and discovered that the water had al-
ready attained a depth of 14 inches and
was increasing rapidly. He went to
the pilot and directed him to run her
ashore as speedily as possible. This
was done, the water covering the guards
on one side only when she struck. The
river was rising very fast and soon her
deck was submerged. The tobacco,
Pickett and one other boat whose name
we do not now recall, were sent to her
relief. They succeeded in getting out
all the shutters, doors,
mattresses, furniture, tools and
freight that would be injured by the
water, and returned to this city.
She was completely stripped, nothing
being left on board but a lot of pig iron
and brick. She ran broadside on
shore, which is a favorable position for
resisting the floating ice and drift. We
heard that the water last evening cov-
ered her hurricane deck, but that she
had not moved.

The New State was valued at about
\$15,000, at least that sum was asked for
her on Wednesday. She was insured
for \$10,000, of which about \$6,000 was in
two of our home companies.

The latest news from the Ingomar is
to the effect that she is breaking up.
Portions of her upper works have been
observed passing the city. Her sign
board came ashore on the Island side,
and is now lying there. She was owned
by Mr. Lane, of Pittsburgh, and
was to have been used as a tug. She
was probably entirely destroyed, as she
lies in a position to receive the full force
of the running ice and timber.

RIVER NEWS.—We do not know ex-
actly the stage of the river, but we are
sure there is sufficient water for all
practical purposes. The ice has all
disappeared, and there is now no ob-
struction to navigation except it be too
great a volume of water. That little
matter, however, will soon regulate
itself. Steamboating on the Upper
Ohio during the last few days has not
been very profitable, as the owners of
the New State and Ingomar can testify.

We regret exceedingly the disasters
which have overtaken the steamers
mentioned, as they were old familiar
craft at our landing.

The Express line, Parkersburg on,
for Monday night, but did reach here
until Saturday night, having been de-
tained by fog and floating ice. It was
feared at one time on Saturday that she
had met with some accident, but she
came in all right, and soon on her return
trip yesterday morning, so as to get back
on her regular day for leaving here—
Tuesday. The tobacco leaves here for
Parkersburg to-day at 11 A. M.

On Saturday there were rumors of
several boats having sunk, which, if
true, would have almost annihilated
the present steamboat interest on the
Upper Ohio. Fortunately there was no
truth in any of the reports.

The Armenia is at the landing, and
although she has an immense freight
list, she proposes to take on still more.
See advertisement of Mong.

THE MUD, THE MUD.—The beautiful
black mud is of unknown depth and
still rising, yet it did not prevent a
large number of our Martinsville
friends from meeting socially in the
Presbyterian and U. P. Churches and
partaking of a most bountiful repast.
The church members turned out almost
en masse and brought with them their
baskets well filled with all which tends
to make up a good dinner.

On Saturday night, invited to par-
take, no petty sectarianism was there,
but enjoyment reigned. Sabbath school
class number seven, took advantage of
the occasion, and presented their teacher
Mr. O. E. Rice, a very valuable book.
Rev. Mr. Chaffant, made the pre-

CONCERT AND TABLEAU.—The con-
cert and tableaux presented on New
Year's evening by one of the classes in
the Lutheran Mission Sabbath School,
was a creditable affair. The attendance
was not what we expected to see, but
the weather was very unfavorable.
Taking everything into consideration,
we do not think that the young folks
were more candidates for public favor
on the occasion, had any cause to be
discouraged so far as numbers were con-
cerned.

We wish we could affirm that the or-
der was good. Regard for the truth
compels us to say that such an out-
raged conduct was never witnessed in Wash-
ington Hall, and we question if Five
years ago, as every old sea captain can
testify. Now, sir, I can certify to the
above as being true, for I have follow-
ed the sea for over forty years, most of
the time doing business with the West
Indies. These sailors' Butlers, differently
put up and named, were brought to my
notice on my first trip to the Island of
St. Croix for a cargo of rum, and for
years after, they were my staple stores

DEAR SIR:—In your paper last week
you or one of your correspondents say
that Dr. — is not the originator of the
celebrated PLANTATION BITTERS, and
that they were manufactured and sold
by one Pedro Martelle, an old Spaniard,
in the Island of St. Thomas, over forty
years ago, as every old sea captain can
testify. Now, sir, I can certify to the
above as being true, for I have follow-
